WORK EXPERIENCE

SPORTMONKS (Remote) — Deventer, Netherlands
FullStack Developer — Jul 2023 – Present

- Led the development of Oddsmonks, a dynamic odds and predictions website, showcasing the powerful features and potential of Sportmonks' API3. Integrated real-time data updates, secure middleware for API token protection, and a technology stack featuring React.
- Streamlined data access and management within SSAP by creating interactive dashboards, which resulted in a 40% reduction in time spent accessing key performance indicators.
- Development of the redesigned onboarding, dashboard and new Components functionality for MySportmonks that increased MRR by 10%

JELOU (Hybrid) — Guayaquil, Ecuador
Frontend Developer — Jan 2023 – Jul 2023

- Integrated AI-powered virtual assistants and low-code automation frameworks to develop 10 scalable client solutions, resulting in a 40% reduction in overall development time and a 30% decrease in support tickets.
- Spearheaded the design and implementation of 12 new web application features in close partnership with the Quality Assurance team, driving a 25% uplift in active user engagement and a 15% increase in customer satisfaction scores.

Shippify (Hybrid) — Guayaquil, Ecuador
FullStack Developer — Sep 2022 – Jan 2023

- Designed, developed, and deployed a comprehensive Dashboard Web Application that optimized logistics workflows—streamlining order processing and cutting operational cycle time by 30% across the supply chain.
- Collaborated with product managers, designers, and QA engineers to diagnose and resolve over 150 reported defects, delivering four major product releases on schedule and exceeding performance benchmarks.

ESPOL (Remote) — Guayaquil, Ecuador
Academic Assistant — Jul 2021 – Sep 2022

- Led weekly review sessions for 30+ students struggling with Python programming concepts. and increased average final exam scores by 45%
- Collaborated with the professor to design and develop course materials that improved student performance by 25%

EDUCATION

POLYTECHNIC HIGHER SCHOOL OF THE COAST — Guayaquil, Ecuador
Engineer in Computer Science — May 2020 - Sep 2024
Cumulative GPA: 3.3/4.0

ACTIVITIES

FREELANCER — Houston, TX
Software Engineer — May 2024– Present

- Crafted 15 web applications for American real estate photography firms, integrating custom domain hosting and lead-capture forms to boost client inquiries by 20% and accelerate onboarding.
